PREAMBLE

A. HUU-AY-AHT DECLARATION OF IDENTITY

We, the people of Huu-ay-aht, by this Constitution declare our unique identity as a Nation and claim our rightful place as equal participants in Canadian society.

We have existed from time immemorial and have occupied and used the lands, waters and resources of our traditional territory throughout history, a traditional territory that extends from the mountaintops to the off-shore areas as shown on the map attached as Appendix A - 1 to this Constitution.

We draw our identity from our relationship to our land and from our rich heritage, culture, language and our stories, myths and oral traditions.

We honour our ancestors and our elders and commit ourselves to the values that they have preserved for us, values that provide us dignity and enhance our humanity. We honour our children in our determination to see these values carried into the future.

As self-determining peoples, we accept the responsibilities inherent in governing ourselves and seek, with the assistance of Naas (the Creator), to govern with wisdom and respect for all people. Through the act of governing, we assume the power to preserve our natural world and enhance our identity.

B. HUU-AY-AHT DECLARATION OF RIGHTS AND VALUES

The Huu-ay-aht have existed from time immemorial, owned and occupied the lands and waters within our traditional territory, governed these lands and waters, abided by our laws and shared our language and culture.

h. a profound respect for nature, our lands and waters and all living things within our territory;
i. an acceptance and reverence for a spiritual basis to life;
j. a common and mutually supportive economic foundation; and
k. acceptance of our obligation to safeguard our special relationship with the Creator, the spirit world and the earth for future generations.

From our historic existence, our value system and our membership in the community of man, we possess certain fundamental and inalienable human rights which have never been extinguished, ceded or surrendered. These include:

a. the right to our traditional territory including the waters and beds of water;
b. the right to the resources of our traditional territory;
