OVERVIEW:

There was a meeting this month with Brad Anholt (BMSC). There was good discussion on moving forward with the partnership. There is an idea of the ACRD writing a letter with the possibility of the ACRD one day taking ownership of the land and sewage plant. There were spending approval for the road upgrade and that work will be complete before the end of the month. I spent time updating Johnson G. about the current infrastructure projects. Through the Young Professionals of Cowichan I got to meet and have discussions with Christy Clark in Nanaimo on March 9th.
