SUMMARY OF EMERGING ISSUES

SHEILA CHARLES:

- The CDC budget only has enough for one meeting and that will take place on January 21/13. I don't know where other funds will come from to hold other's till our next fiscal.
- Continue to have issues with USMA. Kathy is proceeding on filing a complaint regarding most recent issue in not following policy. Filing a complaint from the nation is the next step. This issue is on the CDC January 21/13 agenda. I not only see this as an issue with USMA but with the Ministry as well. I want our children to stop being taken away from their parents/family, instead of removing children I want funds to be spent on taking care of these children AND getting the parents help with whatever their struggling with that interferes with their care of their child(ren).
