Subject: Business Display @ HFN AGM

Hello James,

I hope you are well and you are moving into your new house soon. I see the great progress every week when I pick up my daughter from the daycare in that neighbourhood. Beautiful place to call home :)

I'm contacting you to request consideration of allowing myself and other HFN business people to set up a display table at the upcoming HFN AGM at Best Western Barclay. As you may know, I'm an Scentsy Independent Consultant. It's a great product that encourages safe use for fragrancng: homes, cars, equipment bags also has a great line of body products and children's stuffed animals. Feel free to have a look at my website: www.sherricook.scentsy.ca

In years past we have had Cedar Bark Weavers, Beadworkers, Sewers, Native Design wares and other businesses in foyer of space that we have rented for HFN AGM. In return the businesses have donated products/crafts for HFN to give away as "Door Prizes". Alternatively I would suggest a small fee to off set rental of the facility. Either of which options I would be in favour of. I may also suggest that we have displays only during meal and meeting breaks so that all citizens can take part in the AGM. Just in case we need to meet quorum.

If you would like me to take part in organizing this I can. All displays would be from HFN Citizens to encourage more entrepreneurship and self reliance. I can take this on as soon as I hear back from you to make contact with other HFN crafters and business people.

Thanks for your time, please consider the benefits and support this may give to HFN Citizens and Business People.

Chuu,
Sherri Cook
