SCHEDULE

Note to Reader

The *Tribunal Act* establishes the HUU-ay-aht Tribunal with members appointed by Executive Council, the Ha'wiih Council and the People's Assembly to

- decide appeals from administrative decisions,
- determine the validity of HUU-ay-aht laws,
- conduct investigations,
- resolve disputes between HUU-ay-aht citizens if the parties request resolution,
- lay an information under the *Offence Act* (British Columbia) for an offence under HUU-ay-aht law,
- provide information and recommendations on sentencing to a court, and
- perform other duties assigned to the tribunal by Executive Council or by HUU-ay-aht law.

Tribunal members must have demonstrated ability to impartially decide matters of fact and law and be able to provide well-defined reasons for their decisions. The chair and vice-chair must be experienced lawyers or judges. Before beginning their duties, members must make the oath of office in the schedule. Conflict of interest provisions restrict the activities of members during and after their term as tribunal members.

This Act adopts specified provisions of the *Administrative Tribunals Act* (British Columbia) which allow, for example, the chair to establish panels of 1 to 3 members to decide matters in place of the full 5 members of the tribunal.

The Legislature enacts as follows:

PART 1 – PURPOSE AND DEFINITIONS

Purpose

- 1 The purpose of this Act is to establish an independent tribunal to
- (a) ensure government decision-making is lawful and in the best interests of the Huu-ay-aht, and

 - (4) Despite section 5 (1) of the *Administrative Tribunals Act* (British Columbia), the alternate member appointed under subsection (3) of this section assumes all of the powers, duties and functions of the member appointed under subsection (2) (d) if that member is unable to perform his or her duties because of incapacity, resignation, removal or death.

Appointments to tribunal

- 4**
- (1) The appointing authorities under section 3 (2) must appoint the first members to the tribunal before November 30, 2011.
