Parks Canada is looking for youth for jobs this year! The Youth Employment and Skills Strategy (YESS) is a Federal Government jobs initiative targeted at young Canadians aged 15 to 30. It supports the creation of job opportunities, with a particular focus on young people facing barriers. The purpose is to increase employment for youth, enabling them to gain work experience, to develop skills, and to extend their networks.

The YESS is intended to serve all youth, but with particular focus on serving youth facing barriers and under-represented youth. Youth facing barriers to employment are youth who may be at greater risk of not making a successful transition to the labour market and under-represented youth are Indigenous, LGBTQ2+, immigrant and/or refugee, living with a disability, and youth belonging to a visible minority group.

Parks Canada is really excited to participate in this initiative, and youth can make a difference in our national parks, national historic sites and our sites across Canada!
