

Attention

I understand that there are Huu-Ay-Aht citizens and staff who are concerned about my position on the recently established Inquiry Panel. I accepted my involvement in good faith as over my many years of attempting to develop a better quality of life for my people, I have learnt to be impartial, trustworthy, to practice confidentiality, conflict of interest, fairness, honesty and to be non-judgemental. If there is doubt that I am unable to abide by my own principles in the position of a Panelist than I should not be part of it.

I want this Panel to move forward without any distractions as the work they are tasked with is extremely important and only input from citizens will make their work a success. If you have a story share it with the Panel this is their mandate.

I regretfully submitted my letter of resignation to Executive Council as a Panelist on the Inquiry Panel effective October 28, 2022.

Marjorie White, CM, OBC
