Huu-ay-aht First Nations is preparing a Framework Plan to guide change and development within the ʔahuuʔi (ha-houlthee, traditional territory), over a 20–30 year period.

What we have heard to date

- Plan for a **Diversity of Housing** Types, Tenures, and Affordability Levels
- Desire for **new community facilities**
- Desire for multi-purpose **culture and learning spaces**
- Prioritize **Cultural and Eco Tourism**
- Support for sustainable and **Indigenous-owned businesses**
- Support for **improved connections** on the lands
- **Preserve natural areas** and habitats
- **Celebrate Huu-ay-aht culture** and history

Please join us to learn about the project and hear how it is advancing

Please join our second round of engagement to learn about the emerging vision that has been developed based on feedback received to date. These events will give you the opportunity to shape the long-term vision for the ʔahuuʔi and share your priorities with us.

WARNING - BEAR IN AREA

AVIS - OURS DANS LE SECTEUR

PACHENA BAY TO DARLING RIVER

WHY: To reduce the probability of negative human-bear encounters.

VISITOR ADVICE:

Stay safe and avoid a bear encounter by:

- Hiking in a group, and making noise.
- Do not leave food or garbage unattended.
- Staying alert and watching for signs such as tracks and droppings.
- Keep children close at all times.

If you encounter a bear, remember:

- Stay calm. Give the bear space. Do not make eye contact. Back away slowly and talk in a calm voice.
- DO NOT get in between a sow (mother bear) and her cubs (young). Any time a cub is observed, assume the sow is close by.
- DO NOT drop objects, clothing or food to distract the bear, as this will reward the bear for its behavior.
- DO NOT RUN!

Start date: 2024-06-12

End date: Until further notice

BAIE PACHENA AU RUISSEAU DARLING

RAISON: Pour réduire le risque de rencontres négatives entre ours et humains.

CONSEILS POUR LES VISITEURS :

Soyez prudent, évitez de rencontrer un ours:

- Voyagez en groupe et faites du bruit.
- Ne jamais laisser de la nourriture ou des déchets sans surveillance.
- Restez vigilant et portez attention aux empreintes et aux excréments.
- Gardez les enfants proches en tout temps.

Si vous rencontrez un ours:

- Demeurez calme. Donnez l'ours de l'espace, évitez de le regarder dans les yeux. Reculez lentement et parlez doucement.
- Ne vous placez pas entre une ourse et ses oursons. Si vous observez un ourson, supposez que la mère est à proximité.
- Ne laissez rien tomber : objet, vêtement ou nourriture - pour créer une diversion, car cela récompensera l'ours de son comportement.
- **NE COUREZ PAS!**

Date d'entrée en vigueur : 2024-06-12

Date de levée : Jusqu'à nouvel ordre

What is their role?

The Witwak/ Footprints security team's main role is to deter criminal activity and be part of keeping our community safe. What this means is, they do patrols to protect lands & properties, monitor surveillance cameras and alarms, and when there are urgent and criminal matters, they report them to the RCMP. They do not have the ability or power to remove people from HFN TSL or detain them. We all play a role in keeping our community safe, it is critical that if you have a criminal matter such as assault you call the RCMP immediately.

Non-emergency: 250-723-2424 or in an emergency, call 9-1-1.
